Synopsis

With so many texts available for legal research courses, how does **Basic Legal Research: Tools and Strategies** maintain its best-selling status? By concentrating on fundamental skills and offering premium teaching support for professors and students.

- Basic Legal Research: Tools and Strategies**, leads the field with:
 - accessible, clear, step-by-step instruction on the basics of legal research
 - a building-block approach that breaks the material into discrete, easily digested parts
 - self-contained chapters on research sources that can easily adapt to a variety of teaching objectives
 - organization within each chapter that allows professors to choose how much emphasis to place on print and electronic research
 - helpful end-of-chapter checklists, clear examples, and summary charts that support comprehension and memory
 - sample pages and examples of research sources throughout; a preview of what students will encounter in practice
 - an accompanying workbook featuring practice exercises for use with the text
 - Teacher's Manual and PowerPoint slides

Updated and revised, the Fourth Edition offers:

- updated research materials and instruction
- increased focus on electronic research to maintain the right balance of print and electronic coverage
- new print sample pages and electronic screen shots

Customer Reviews

Excellent.

i think its ok had to buy it b/c of school

It reads like a manual, but is very helpful for starting out. This was the textbook for my 1L Legal Research class and it's been very helpful.

A book of screenshots. It's a huge waste of money!

Book was exactly what I was looking for.

The book was what I was looking for. Thank you.

Very thorough & serving me well during this 1st year of law school. Very helpful & will be used.
