Customer Reviews

some good insights, but repetitive and geared more toward a law school student than toward a practicing litigation paralegal. also, quite pricey compared to earlier editions that are still available online. not sure if the updated information is worth the updated price tag.

As a law student, this is one book to hold on after the research/writing class. I will be using this book

for a long time in other classes.

I am using this for my advanced legal research summer course. It is extremely clear and helpful.
Thanks for such a great book!

Great book, easy to search the text on kindle search.

Good book. I bought it for a paralegal class. I would recommend it for anyone getting into the legal field.

As advertised. Delivered on time.

using this for class; it is comprehensive; only thing wrong, it doesn't do class assignments but write makes things clear and concise.

Recommendable. Great experience!
