Customer Reviews

Druitt is a garden designer. Shoup has been the owner of the Antique Rose Emporium since its inception in 1983.

This is a superb Rose Book. Each rose gets a whole page or even two pages of text. A picture of the flower plus a second picture of the whole bush. The style of writing is personal. The information is fascinating. A most enjoyable rose book.

Beautiful pictures and ideas! The book is old, But it is still relevant to the rose gardener. A must buy.

This is a well written, informative book and the pictures are great. Practical information that really helps you with your landscaping with antique roses.

Great help with very special roses.

When I received this book I was unhappy with it and left a very negative review. Hawthorne Academic read the review and immediately refunded the entire amount that I paid for the book. In

gratitude I wanted to delete my bad review but the delete button had expired. So this is the best I can do. Thanks guys!

A great book to introduce gardening concepts or to celebrate the use of Antique Roses. This would be a wonderful gift for someone who can no longer be actively gardening. The photos are splendid! My copy is in excellent condition. So glad I found it.

Excellent book for helping you with your own landscaping.

Great info for gardeners reason to use known roses to advantage Ann Hall
