Came as described "in perfect condition "

Good condition

good sender

The book is very useful in today's health care shift. *Collaboration Across the Disciplines in Health Care* by Dr. Brendan Freshman

Using this text as a foundation for BSN Professional Collaboration class. It has excellent discussions from a variety of viewpoints.

Arrived promptly and in good condition. I have not read the content and cannot comment on that. There are not many books on this topic that are multidisciplined.
