The Lowe's Ultimate Book Of Home Plans, 3rd Edition

Synopsis

Creative Homeowner's lead title in its tremendously successful, ground-breaking home plan series, *The Lowe's Ultimate Book of Home Plans*, 3rd edition, offers readers 730 of the best-selling designs from leading architects and designers. Over 550 gorgeous, full-color photographs and 1,600 illustrations allow readers to experience homes actually built from the designs, plus some interiors. Virtually every home style is offered, including farmhouses, country cottages, contemporaries, luxury estates, vacation retreats, and regional specialties. In addition to these designs, *The Lowe's Ultimate Book of Home Plans*, 3rd edition, offers practical tips and advice on everything from selecting a site and hiring a contractor to adding such finishing touches as trimwork and landscaping.

Customer Reviews

Perfect for the non-specialist general reader wanting ideas for designing and building their own dream house. It has a great deal to offer. A perfect acquisition for personal, professional, academic, and community library shelves.

The MidWest Book

Review

The MidWest Book

April 2007

representing a wide array of style, with more than 1,500 drawings of floor plans, side views, and rear views, as well as a host of design ideas and advice • Paper Clips (Bridgewater, NJ) May 01, 2007

Creative Homeowner's lead title in its tremendously successful, ground-breaking home plan series, The Lowe's Ultimate Book of Home Plans, 3rd edition, offers readers the best-selling designs from leading architects and designers. Gorgeous full-color photographs allow readers to experience homes actually built from the designs, plus some interiors. Virtually every home style is offered, including farmhouses, country cottages, contemporaries, luxury estates, vacation retreats, and regional specialties. In addition to these designs, you'll find practical tips and advice on everything from selecting a site and hiring a contractor to adding such finishing touches as trimwork and landscaping. Full-color throughout-608 pages 730 designs provided by the nation's top residential designers and architects More than 550 full-color photographs, most of which are of homes actually built. Many of the home designs also feature interior photography of stunning rooms. Over 1,600 drawings of floor plans, side views, and rear views provide the reader with a true appreciation of the designs 48 full-color pages of design ideas and advice for the homeowner Construction blueprints available for every home- Real Homes for Real People • our books provide photos in full color of actual homes built from the featured plans

This book was great. It lists the house plans in groups by square foot and I loved that I didn't have to search the entire book to see what plans were in the range I wanted. Can't argue with the price either.

Most of these plans have been around for years. very little new or innovative. The same plans are in the other recommended books as well.

Like the Sears Christmas Wish Book from when I was a kid...love paging through to see which things I like (to put on my "wish list"!) and which things don't suit my needs. Not actually ready to build just yet, but it's never too early to dream!

I enjoy looking at home plans and dreaming of when I will building another home. So many ideas from looking at these plans which are easy to look at in this bound book and the book stores nicely

in a bookcase. Book was well packaged and arrived fast.

Lots of plans to go through..too many it feels like. Hard to narrow down a pick from so many different styles.

This book is heavy. All within is great, not just a paper weight.

enjoy seeing different house designs and layouts. wonderful wayv to plan and/or dream

Awesome
