Federal Rules Of Evidence 2016-2017 Statutory And Case Supplement To Fisher's Evidence (University Casebook Series)

Synopsis

This statutory and case supplement incorporates the latest statutory changes and proposed revisions and the most recent U.S. Supreme Court decisions bearing on evidence law. The statutory component of this volume reflects the recent amendments to Federal Rules of Evidence 801(d)(1)(B), 803(6)(E), 803(7)(C), and 803(8)(B), all of which took effect on December 1, 2014. Also included are proposals to amend Rule 803(16) and to add two new authentication rules, 902(13) and 902(14). The Advisory Committee's Notes to all these changes and proposals, together with explanatory editor's notes, appear as well. The statutory component also presents a side-by-side reprinting of the older (pre-2011), unrestyled Federal Rules of Evidence and the newly restyled rules to allow for ready comparison. Editor's notes point out those areas where the restyling project, contrary to its author's claimed intentions, worked substantive changes in the rules. The case supplement analyzes the Supreme Court's 2015 decision in *Ohio v. Clark* as well as its 2014 ruling in *Warger v. Shauers* and 2013 ruling in *Salinas v. Texas*. *Clark* addresses whether the admission against the defendant of a young child's allegation of abuse, made out of court and offered in lieu of the child's testimony at trial, violated the defendant's confrontation right. *Warger* raises questions concerning the application of Rule 606(b). And *Salinas* examines the prosecution's use in its case-in-chief of a suspect's silence in response to noncustodial police questioning. The supplement also addresses the Supreme Court's recent grant of certiorari in *Peña-Rodriguez v. Colorado*. The Court will consider whether the Sixth Amendment's guarantee of an impartial jury overcomes Rule 606(b) and its state-law equivalents and permits defendants to present juror testimony about case-related expressions of ethnic bias in the jury room. Oral argument is set for October 11, 2016. Throughout the supplement, those who teach with Fisher's *Evidence* (3d ed. 2013) will benefit from paginated cross-references between the casebook and the supplement.

Great. Compares old rules to updated rules and gives rationale as to why the advisory committee changed some of the rules.

The is book was exactly as described! Thanks.

There are some rules in here and stuff.

Its a reference book in my evidence class.

Got it for class.

This copy of the rules comes with committee notes and comments. It's not too big and is easy to carry.

Thank you!

Listen, if you can somehow find a copy of the FRE with the advisory notes using your law school database logins (Lexis, Westlaw, Bloomberg) then do that, and save your money. If you really want a hard copy so bad then get the Goode & Wellborne version with the real-life explanations and stuff. That is what real lawyers actually use, and I don't know why it's not required reading.
