Understanding Evidence

Synopsis

This Understanding treatise presents the essential topics in evidence law cogently and concisely. While it was written primarily for students in Evidence and Trial Practice courses, the "Key Points" summary at the end of each chapter and the inclusion of the current Federal Rules of Evidence in an appendix make this treatise an excellent reference for busy attorneys. Understanding Evidence begins with an overview of Evidence law followed by an explanation of the roles of the judge and jury. The remaining chapters are organized under the following topics: • Procedural Framework of Trial • Relevancy • Witnesses • Real and Demonstrative Evidence • Writings • Hearsay • Privileges • Substitutes for Evidence This treatise extensively discusses and cites the Federal Rules of Evidence. Cases, statutes, other rules, and secondary sources are also cited, providing a comprehensive framework for understanding evidence law.

Best Sellers Rank: #70,725 in Books (See Top 100 in Books) #30 in Books > Law > Criminal Law > Evidence #211 in Books > Law > Rules & Procedures #766 in Books > Textbooks > Law

Customer Reviews

Great

VERY helpful!

Thank you!

For those struggling with this subject, this reference is very helpful. Evidence texts can be confusing and the "Understanding" series helps to get to the meat of the subject quickly. I found it very helpful

for my classes.

THE BOOK IS A VERY INTERESTING TOOL FOR STUDENTS TO LEARN THE RULES OF EVIDENCE AND IT IS A BOOK YOU WOULD WANT TO KEEP IN YOUR LEGAL LIBRARY

no comment

I'm pretty sure I just don't really dig the "Understanding" format. Felt like it was too detailed in places it didn't need to be. Prefer a quick summary, or bullet point supplements.
