Fix-It And Forget-It Kids' Cookbook: 50 Favorite Recipes To Make In A Slow Cooker

Synopsis

Now kids can prepare food in a slow cooker! No open flame! No hot stove top! Fix-It and Forget-It Kids' Cookbook: 50 Favorite Recipes to Make in a Slow Cooker offers kids the direction they need to prepare main courses, snacks, and desserts. "Take your children a step beyond nachos and cupcakes," says author Phyllis Pellman Good. "Let them prepare a tasty main dish in that easy-to-get-along-with appliance — the slow cooker." Each recipe includes a full-color photo of the finished dish. Each recipe gives clear step-by-step instructions. Each supplies a list of ingredients and a list of equipment needed to complete the prep. "This is one friendly and engaging way to bring your children into the kitchen with you," states Good. "When they help to fix a meal that they and their family enjoy, they'll be back to make more." Fix-It and Forget-It Kids' Cookbook includes Fruity Waffle Topping, Cheesy Egg and Broccoli Breakfast Casserole, Big Juicy Burgers, Super Spaghetti Sauce, and Chocolate Covered Pretzels. Plus 44 more "may-I-have-another-helping" favorites.

What a great way to get kids started in the kitchen!! My daughter (8) loves to help me cook, but is scared of using the hot stove top or oven. Now she can make meals for the family on her own. Great selection of recipes for every meal and special occasions. Last night she made Chocolate Pudding Cake in the slow cooker for dessert!

This kids cookbook is great ... most every receipt calls for items you have in your cupboard each day. No special trip to store to get what is needed. I have a great time with my grand girls each time they come to visit!! LOVE IT.

I got this book along with a 4qt. crock pot for my 9 year old daughter last Christmas. We Absolutely love it. The recipes are easy and delicious and My daughter loves that she can make most of the recipes by her self.

I purchased as a shared gift for my two granddaughters. Both love to cook, and this was a great purchase. The pictures are brilliant and recipes are easy to follow. The five year old decided the first recipe they make will be the broccoli cornbread. Even their Mom is excited about making mac and cheese in a crockpot. Now I wish I had purchased one for me.

I really loved this book, and I am glad I bought it for my nephew. Let's face it...these are the kids of foods most kids like to eat. The pictures are great, and as an avid crock-pot junkie myself, there were recipes in here I would love to try! I wish the book were a little longer, but I am a huge fan of this series, and the book is definitely, if nothing else, very kid-friendly. And cheap! :-)

A nice gift for a

kid with an interest in cooking.

Gave this to my grand-kids and they were so excited... Pictures good, sturdy papereasy to follow directions, made with things they can get a hold of. ages 5 - 10all loved it...

got this for an xmas present for the grand kids and xmas isn't here yet so I wont know if they like like this or not. I was hoping that their mom and dad would cook with them to do something all together. its what they like to do and since they live in iowa, it would be a fun treat for a cold winter day to bake something together

Very nice cookbook
