A Rose By Any Name: The Little-Known Lore And Deep-Rooted History Of Rose Names

Synopsis

Encompassing art, literature, science, technology, history, and everything in between, the stories behind rose varieties include enough curiosities, romance, tragedy, wit, mystery, scandal, and earthy delights to satisfy even those who would never dream of actually tending a plant. In addition to names, readers will learn that the perfume of 'Rosa Gallica' wafted through Pliny's Roman villa and lulled Marie Antoinette on the night before her wedding; that 'Eglantine' is threaded through Shakespeare's *A Midsummer Night's Dream*; that roses in the fifteenth and sixteenth centuries were mainly raised for medicinal purposes; and that the world of rose-naming rights is one of complicated and fiercely guarded copyrights and patents. With full-color art throughout, this eclectic little volume is a must-have for die-hard rosarians, and for the less rose-obsessed, it's simply a marvelous miscellany starring what is arguably the world's most popular flower.

Customer Reviews

Enjoying some "Gourmet Popcorn" and "Barbra Streisand" alongside one's "Chrysler Imperial" does not necessarily involve eating snacks and singing show tunes while driving down the highway, as one might assume. These are just three of more than 15,000 species and cultivars of roses, designations that epitomize the floral world's stylistic marriage of the mundane and the sublime, the offbeat and the refined. Such is the curious nature of rose nomenclature, an idiosyncratic horticultural feature that often contributes as much to the prized flower's allure as do its legendary fragrance and luminous colors. Rose aficionados, acclaimed authors, and dedicated gardeners, Brenner and Scanniello deftly explore the intricate history and

enduring mystery behind four dozen of the most famous, obscure, exotic, and unassuming names in rose cultivation, from "American Beauty" and "Dr. Huey" to "Xanadu" and "Just Joey." No helpful gardening tips to be found; instead, the authors provide plenty of "arcane facts and tantalizing revelation in an equally entertaining and educational foray into the competitive, complicated, and frequently comical world of rose naming." --Carol Haggas

"Rose aficionados, acclaimed authors, and dedicated gardeners, Brenner and Scanniello deftly explore the intricate history and enduring mystery behind four dozen of the most famous, obscure, exotic, and unassuming names in rose cultivation. . . .The authors provide plenty of arcane facts and tantalizing revelation in an equally entertaining and educational foray into the competitive, complicated, and frequently comical world of rose naming." •Booklist (Martha Stewart Living)

"A rose by any other name might smell as sweet, but its history would be very different. . . . Covering social and cultural history, technology, art, and science, A Rose by Any Name proves that a whole world can be found within the petals of a single rose. Consider the excerpt that follows our valentine to you." •Martha Stewart Living (Town & Country)

"[Brenner & Scaniello] tell the naming stories of some 1,200 varieties of roses among the more than 15,000 registered rose species and cultivars in their highly entertaining new book, A Rose by Any Name. Each of its illuminating chapters reads almost like a mini biography, albeit of a plant. Best of all, the authors even reveal how you can name a rose after yourself." •Town & Country (Kansas City Star)"[A Rose by Any Name's] charming illustrations add to the enlightening origins, history and lore of more than 1,200 rose names." •Kansas City Star

Beautiful book arrived in excellent condition
And it a very nice book
Explains many roses, and the pictures are amazing. Heavy weight pages. Great buy

I have always been interested in how various roses got their names. This book goes well beyond the naming of the roses to telling so many wonderful stories about the various roses and the people whom loved them enough to bring them forth for all of us to enjoy. There is room for sequels to this book and I hope they write more! Well worth every penny paid for this book. Some fantastic art work in this book as well as a great recipe for making Rose Water. Very enjoyable!! All rose lovers need this book in their library.

The book came in excellent shape. I have only read a little of it at this time, but what I did read was

very interesting and informative. Great book.

Item received as described with quick ship. Thanks

Great reading for those who want history of roses. Great anecdotes.

THIS WAS A GIFT FOR MY HUSBAND AND WE BOTH ENDED UP READING IT TO EACH OTHER. THE TIDBITS OF INFORMATION MAKE HISTORY IN A SENSE COME ALIVE. FASCINATING BOOK AND STAYS OUT AS WE PICK IT UP OFTEN. A GREAT ADDITION TO OUR GARDENING BOOKS. SO GLAD I FOUND THIS BOOK.

beautiful book. loved it. gave one as a gift and kept one for myself. would definitely buy it again. thanks.

Very interesting reading for a true rose lover.
