# The Complete Book Of Puppetry (Dover Craft Books)

## Synopsis

In this informative volume, a master puppeteer shares his expertise in the variety of behind-the-scenes skills involved in bringing puppets to life. Drawing on years of experience, George Latshaw conducts readers through every stage of the puppeteer's art, from simple, preparatory hand exercises to advice on performing before an audience. Following a brief retrospective of the fascinating ancient art of puppetry, Latshaw offers clear, abundantly illustrated suggestions for preparing for a performance, explains how to construct several types of puppets, and presents a series of exercises that promote the development of distinctive voices for characters and the translation of human body language into puppet movement. Readers will also find a wealth of expert advice on designing stages and puppet environments, writing and adapting plays, and directing productions. A chapter on performance-related tips features helpful hints on scheduling, setting up, handling hecklers, and making an exit that's both efficient and graceful. A splendid addition to any puppeteer or puppet-lover's library, this profusely illustrated guide will also serve as an effective reference book in schools, libraries, and civic organizations involved in theatrical productions.

## Book Information

Series: Dover Craft Books

Paperback: 160 pages

Publisher: Dover Publications (March 17, 2000)

Language: English

ISBN-10: 048640952X

ISBN-13: 978-0486409528

## Customer Reviews

Well written & clear.

A great read for people interested in the history of marionettes and other puppets. Very informative and interesting. Would recommend for puppet fans.

I got this book as a gift for my daughter who is a theatre professor, because I knew Mr. Latshaw years ago when we were both high school students in a summer university program and I'd seen articles about his work. I think he has made substantial contributions to the world of puppetry and I'm glad I had the opportunity to meet him.

I find this book fascinating to read, and as I grew up loving puppets and puppet theater, Diver Dan, Howdy Doody, Kookla Fran and Ollie, Sharry Lewis and Lamb Chop etc, I am glad to have the tools to make some for my own amusement and hopefully be able to make some use of them. Great book. I love it.

Very interesting and informative book.

I'm very pleased to have this book in my collection. I knew George Latshaw and respected him as a fine puppeteer and great human being. May he Rest In Peace.

Historical and informative...

nice book . would buy from again .
