The Guide to Canadian Vegetable Gardening includes how-to and when to information for successful vegetable gardening throughout the gardening regions in Canada. Filled with the need to know information on planting, growing and harvesting more than 50 vegetables and herbs. Includes full-color images and helpful maps and charts. --This text refers to an out of print or unavailable edition of this title.

Green is a veteran nurseryman with more than 20 years experience. He has written seven gardening books and now writes a garden column, hosts a radio show, and runs one of the largest single-author gardening Web sites, www.simplegiftsfarm.com

This is a great book, especially for the Canadian gardener and those of us that live in colder climates and therefore have shorter more challenging growing seasons.
