Everything you need to know for a quick and beautiful yard in the Chinook zone. Creating and maintaining the perfect yard in the chinook zone isn't as hard as you might think, but the short growing season doesn't give you much time to transform your winter-weary yard into a glorious garden. To help Calgary-area homeowners get the jump on the short season, popular gardening expert Lyndon Penner has created the essential guide to a quick and beautiful yard in the chinook zone. With gardening smarts, style and wit, Lyndon covers everything both novice and expert gardeners need to know, along with tips you won't find anywhere else. Contains more than 200 beautiful, colour photos. Quickly find what you need to know about climate zones, soil, colour, texture and shade. Understand your yard's potential. Pick the best bulbs, perennials, trees and shrubs for your yard. Deal with insects and plant diseases in environmentally friendly ways. Shop smarter at garden centres. Attract animals you want to your garden, and keep away the ones you don't. Another version of this book, *The Prairie Short Season Yard*, is available for gardeners who live outside the southern Alberta chinook zone.

This is the ideal book for the hundreds of new gardeners that descend upon the garden centres each year.... For novice as well as veteran gardeners, this book is sure to be an agent for positive change in terms of how we approach gardening. (Alberta Horticultural Association) When you read *The Chinook Short Season Yard*, you will know you have found a gem; definitely a book that

belongs in your personal library. It's in mine! (The Gardener Magazine) For those of you who have heard Lyndon Penner talk, he writes in the same way: very down to earth and opinionated, and that's why I would recommend the book. (Lethbridge and District Horticultural Society)

Popular radio gardening columnist, horticultural consultant, and professional landscape designer Lyndon Penner has been gardening since the age of three. He appears frequently as a guest speaker at universities, colleges, and gardening associations in western Canada. He is also the author of Native Plants for the Short Season Yard, Garden Design for the Short Season Yard, and The Prairie Short Season Yard.

Great book for Calgary. Lots of good advice. Only one extra page in the Chinook short season book, so get this one.
