I love it!!

Betty Crocker cookbooks have been around since 1930, and this is the first ever all-Halloween edition. Featuring almost 100 recipes (each with an accompanying photo), the book is filled with silly spirit and the many quick cook short-cuts Betty fans have come to expect. It will definitely appeal more to parents with younger kids as many of the "recipes" involve drawing faces on food or shaping food to resemble witches and insects. These are not the overzealous and intricate Martha Stewart-type Halloween recipes that would appeal to the more sophisticated haunted holiday entertainer, but I can see using a handful of these recipes as a springboard for more adult fare. The Smores Shake Shot could be made with Godiva Chocolate Liquor instead of melted chocolate ice cream. The Spider Bites gelatin squares made with black vodka would be a clever jello-shot. And adding Midori to the Lemon-Slime Punch and serving it in test tubes would be great for a mad scientist theme. Beyond the liquor additions, I also liked some of the ideas for decorating cupcakes (tombstones! chocolate bats!), and the ubiquitous Pumpkin Cake. Overall, this book was not my cup of tea, but it's nicely produced in full color with good photography throughout.

Good

My wife and grandchildren have thoroughly enjoyed this book. It arrived promptly and was in excellent condition. We were pleased to have found it.

I have an annual Halloween Party and this book has great recipes for adults and for my grandchildren. I can't wait to start cooking!
