Customer Reviews

Grade 3â 8â Perfect for Halloween and beyond, this conveniently organized, well-illustrated cookbook is sure to be a crowd-pleaser. Following a somewhat lengthy introduction explaining Halloween fun from the author's perspective and "pointers for success" in using the book, Bowers dives in to the heart of the matter. Arrangement is by types of food (candy, cookies, cakes, drinks, etc.), and it's easy to find something to whet any appetite for scary fun. The I'Scream Cake is reminiscent of Edvard Munch's The Scream. Monster Eyeballs and Cheddar Eyeballs are more mouthwatering than icky. Ghou-Ade with Fly-in-My-Ice is gloriously spine-chilling. While most recipes start from scratch, Bowers allows for substitutions such as store-bought cake mixes. Most recipes are complemented by a full-color photograph of the finished product. While young children

will not be able to create these fright-fest delights without intense adult help, they will nevertheless howl at the promise of the outcome. Hauntingly appetizing.â "Anne Chapman Callaghan, Racine Public Library, WI END

"Perfect for Halloween and beyond, this conveniently organized, well-illustrated cookbook is sure to be a crowd-pleaser."

So I love to bake and I love Halloween. This clearly means I need to combine the two together. This is an adorably cute Things-that-go-bump-in-the-night cookbook. It's an absolute blast to use with pint sized grade schooler as well. Love it!!!

Of the Halloween books I have read over the past few weeks, this is hands down the best! The introduction is full of nostalgia and visions of Halloweens past. I could not help but smile and nod my head in agreement as she described the excitement of sorting candy in front of the television before bedtime or trading your spoils with your siblings. The introduction is also full of practical information that one should read before rolling up your sleeves to create these festive treats. As a matter of fact, I attempted my first cookie icing (royal icing recipe on p. 61), at her bidding. She was right! It is incredibly simple and beats out any store-bought icing I have purchased in the past. I also purchased paste colorings for the first time (based on her recommendation). I originally checked this book out from the library, but after my family went nuts for the first few recipes, I knew I had to purchase this book and make it a permanent part of my personal library. I cannot wait to photograph the food for our Halloween party this year! Oh, and did I mention that the recipes are delicious? Happy Halloween!

I bought this book in preparation for my annual Halloween party and was not disappointed. I have only completed a few recipes from it so far, but they were easy to follow and the end results were great. It has also inspired me to create some of my own treats. This is a great book for a cook looking to host a fun Halloween bash.

Creative. Very good recipes can be adapted for year round use....All of the recipes, such as 'Cup of Worms', 'Pumpkin Soup with Cheese Croutons', 'Spiderweb Pumpkin Cheesecake', 'Bite-Your-Tongue Spiced Cider, etc., can be served any time of the year. As for ghoulishly decorated items, the decorations can be modified for use beyond Halloween.

I admit, I cheated and checked this out at the library before I bought it. It's a great book. My grandchildren and I have already picked out recipes to make this Halloween. Lots of options to choose from to put together a Halloween party. Lots of skill levels, too, so the kids can help.

Certainly worth the small cost, so three stars. But I was disappointed in the number of recipes that have no photograph of the finished item. Given the topic of this cookbook, a photograph of every recipe would have made the book more useful and fun to flip through. For those recipes with no picture and a humorous name, you need to read the recipe to find out what it is. But there are some fun ideas and largely the recipes seem easy enough.

Love this!! great price!

Bought as a gift. Product as described.
