# The Two-Night One-Night Stand

## Synopsis

A girl. A guy. And a talking peen. Holly Martin isn't the type to have a one-night stand. But a crushing break up, a sexy blind date, and a few shots of Fireball is about to change all that. Matthew Daniels is an introverted PA who claims he's too busy to date. But that doesn't stop his older brothers from encouraging him to let loose and get out there, because as they put it - the right girl won't just walk up to you. But what if she does? Is it possible for a one-night stand that happens twice, to actually become more? Could two nights of reckless debauchery actually lead to true love? Or is this just another case of a whisky induced disaster? This Romantic Comedy is sure to have you laughing, cringing, rolling your eyes, shouting at the pages and looking for a shot glass of your own.

## Customer Reviews

Holly is on the rebound after a breakup and attends a Halloween party dressed as a slutty nurse. She's been set up on a blind date and was told that her date is dressed up as a doctor. So when Holly eyes Matthew, a physician's assistant, in scrubs, she thinks that he's her date. Matthew, who is on the nerdy and socially isolated side, but still hot and sexy in his own way, cannot pass up this

opportunity to hang out with this mesmerizing girl. And then one thing leads to another. This story was hilarious and filled with multiple embarrassing and awkward moments that made both Holly and Matthew lovable. Matthew's internal monologues were so entertaining and endearing with how he wanted to portray himself a certain way to keep Holly, but felt so out of his depth because he truly likes this girl as more than a fling. As for Holly, she might've had her fun, but she's a serious commitment woman at heart and doesn't think she and Matthew have a future after being so casual. I definitely want to read more about this couple!

What happens when you have a two-night, one-night stand??? Well you just have to read this to find out. "Does that mansion need an addition? Cause here come some more bricks." Want to learn more about that??? Pick up this book and find out. It's better when you know what's going on. This book had me giggling and the mayhem was great! To me, this book wasn't like her other writing, but it's not a bad thing. I LOVE her writing but her books usually have an underlying message that make you actually think. This one didn't but it still matches up to her other books. Not only that, but there was a twist thrown in there too. Loved it! Loved it all! Grab your copy and ENJOY!

Love makes me a klutz, too. (Okay, I was a klutz anyhow, but love can handle the blame.) This book just couldn't be set down after the first chapter. I found myself smiling and laughing all the way through it, loving my new nerdy friends. The only thought I have after reading the horrible words "THE END" is "just when in 2017?"

This was my first Ryan Ringbloom book and I loved the humor! I think she does a great job of using the first-person, alternating narrators to have fun with humorous turns of phrase and descriptions. The two main characters are quirky, comfortable in their quirkiness, and believable in their connection. I have already reread some of the more humorous sections! I decided to purchase this book after seeing on Ms. Ringbloom's author page that in the event of a zombie apocalypse she's going to let the first one eat her brain and get it over with. I thought, "I think this person's humor will probably jive very well with mine," and absolutely it did. :) My kids kept asking me why I was laughing (not that I would be telling them details!). I agree with another reviewer that this book is a little different than Ms. Ringbloom's other books - I would describe it by saying the characters in this book are settled in life and for the most part content with themselves (and of course, this book has the laugh-out-loud humor). Her other books have younger characters who are brought to us in the process of evaluating the way they've been choosing to live their lives and having to move past

certain outlooks or habits. The humorous phrasing is there (the other books are also alternating first-person narrators), but on top of the romance between two characters you have the personal growth of characters who are learning to make the choices that will bring them personal contentment.

Witty, sly and never disappointing, a highly entertaining and funny book that will be sure to make you smile the entire way through! Ryan Ringbloom does it again in stunning fashion as the Daniels boys are brought back for a hilarious and fresh new take on finding love when you least expect it! I've never loved a group of brothers more than the Daniels! Little Matty is all grown up...and stumble upon an unlikely romance when love falls into his lap! Fun and fast paced, *The Two Night, One Night Stand* will have you swooning until the very end and squealing with delight! Absolutely love and one of the fall's best new reads! Can't wait to see what lies in store next for the Daniels! 2017 can't come soon enough!

I devoured this book. What a fun, flirty, entertaining read. It was laugh out loud hilarious. So full of embarrassing moments. Holly and Matthew will give you fun times and laughs, it's such a sweet book. I mean what could be more sweet than a talking Peen?!

I enjoyed this story from page one. I love a book that instantly draws me to the characters. A true feel good fun story. Laughed out loud several times and smiled throughout. This author is excellent will read more from her. Highly recommend

I loved this book. It pulled me in and kept me flipping the pages. It's witty, funny and hot. Matthew is the sweetest and cutest nerd I've ever read about. Holly is insanely funny and a tigress. Grab this now you won't regret it.
