Pearl Harbor: 75 Years Later: A Day Of Infamy And Its Legacy

Synopsis

LIFE commemorates the 75th anniversary of the attacks on Pearl Harbor photographs - many exclusive to LIFE in this lavishly illustrated collector's edition. On December 7, 1941, the Japanese Empire stunned the world with a surprise attack on the U.S. naval base at Pearl Harbor.

Commemorating this momentous historical event which brought the United States into World War II, LIFE revisits the infamous scene in beautifully illustrated photographs: the years leading up to 1941, Lindbergh's antiwar rallies, the desperate scene in Europe and at Winston Churchill's 10 Downing Street, and the Japanese admiral who realized he awoke a sleeping giant. Highlights include "The Call to Action," LIFE's actual pages in the 10 weeks after the attack, as America mobilized and went to war, and a concluding chapter that covers today's modern tensions in the waters of the Far East.

The editors at LIFE vigorously carry on the traditions of excellence in photography, in journalism, and in telling the story of our country and our world which began with LIFE magazine in 1936 by founding editor and publisher, Henry R. Luce. They have published books on a broad range of subjects, including New York Times bestsellers One Nation, LIFE Picture Puzzle and The American Journey of Barack Obama.

My husband is a retired Naval officer and a history buff, so I gave him this book for Christmas and he just couldn't put it down until he read every page and looked at every picture. He still hasn't

stopped talking about what he learned from this book. He then convinced me to read it. Through well written essays and excellent photographic coverage of the event, every detail of the Pearl Harbor tragedy, before, during and after, is contained in this high quality book. History comes alive via the thorough retelling of the massive attack that launched the U.S. into World War II. Whether you choose to read the book from cover to cover, or just pick it up and browse through photos, captions and essays, you will be informed and entertained about a period of history that both humiliated and motivated the U.S. to fight the war on both fronts.

Great book for history buffs and their collection. It is very well done and I am very happy that I purchased it.

Great book

Fast shipping, as advertised, good product at a great price.

The book arrived on 28th of November I'm perfect condition! I remember ,when I was a lot younger, the LIFE magazines were very large. However, the book was very informative of that era!! I treat this book as an archive (time capsule) in the past!! The illustrations and captions are very powerful and poignant !! Thank you for listing this book with !!

Very good book on Pearl Harbour Attack.

Very interesting. Well written. Very nice pictures.
