Customer Reviews

"No need to be a wine connoisseur to enjoy this book. Written by 29 different authors, it reads like a good collection of short stories. This title is suitable for anyone wishing to learn more about wine but sophisticated enough for aficionados. A good choice for readers who want more information about the culture and context of wine consumption, delivered in an engaging format." —Library Journal

Howard G. Goldberg was an editor at the New York Times from 1970 to 2004. He began contributing wine articles in the mid-1980s and in 1987, wrote the Wine Talk column for a period. Eric Asimov has been chief wine critic at the New York Times since 2004.

This is a very nice collection of articles over the years from the New York Times. Even though some are quite old, none of them are dated. There are no wine reviews per se, but just a variety of articles

dealing with various aspects of the wine world. Since they come from the newspaper columns, they're short, to the point and easy to read and digest. Some were more interesting than others and I skipped a few that didn't appeal to me from the get go (mainly ones on non-wine items such as cognac) but on the whole I read nearly all the articles and feel this was a truly worthwhile collection. There's lots of wisdom in the book, too, regarding the world of wine reviews, tastings, jargon and what goes on in the winemaking process. Highly recommended.

Excellent work. If you are interested in wine and food, especially wine this book is the must.

Great Read.

This is a great collection of wine articles. A must read for the lover of wine or just a curious person on the subject. Beautifully, written. I have enjoyed every article so far.

If you love wines and reading about them, this is the book. Go for it !!!!!Great collection of wines around the world.

If you like wine, you will love this book. Full of great information. Can't wait for another issue to come out

This book was purchased as a gift for a family member who enjoys wines. He said he likes it and thought it looked interesting.

I personally was little disappointed generally overall with the book, although I will have to admit that I did not read it cover to cover, as it was brought for a Xmas present for a friend who has recently informed me likes very much, So, with all facts considered I am rated it a 4 out of 5 for on time delivery, packaging and the success of the book as a present.
