Customer Reviews

Frida Clements is a Seattle-based illustrator and graphic designer who keeps an ever-growing list of puns with her wherever she goes.

Love these notecards so much. They are too special though, so I will have to be very thoughtful about who I give them to! The only thing I wish were different is that they don't have ALL the illustrations from the book. Perhaps a Have a Little Pun notecards Vol. II is in order?

So funny! Be aware, two of the designs may not be appropriate for giving to kids though...I am a teacher and used these as encouragement cards for my graduating students. They loved the puns!

If you like to send hand written letters, this is a great set to purchase. Quality is great and the envelopes the cards fit in are red.

These cards are the bees knees. They are amazin' raisin. They are hilarious and cover a wide range of sentiments. They are great cards for people that love a good punny sentiment. Quality cards with

very Punny artwork and sentiments.

I love the book and puns. In fact, I've purchased 4 books for gifts. But, these cards are not fantastic quality. The heavyweight box is filled with flimsy cards; I wish they were a heavier card stock.

Great note cards for people that love puns!

My roommate hates puns so I bought these and framed a few for the bathroom. They match the decor perfectly :) And my roommate... well... he will be getting one of these cards for every life event in the near future.

Love these cards! The puns are cute, the envelopes are pretty and inside is blank, so they are perfect for any occasion!
