Gordon Hideaki Nagai is a father and grandfather who loves creating and sharing jokes with his grandchildren. Now retired, Gordon worked as a case manager in social service in the Bay Area and has Masters in Social Welfare from U.C. Berkeley. Originally from Atwater, California, Gordon is a second generation Japanese-American who currently lives with his wife of 55 years close to his four grandchildren in Eugene, OR.

This is a very cringe-worthy book which should earn the respect of dads everywhere. The humor is just what you would expect when buying this book. The jokes are full of terrible puns and wordplay sure to earn anyone who tells them a chorus of groans. There is a large amount of jokes in this book

(it is about 250 pages) and they are divided up into categories such as music, animals, and military. Accompanying the jokes are nice illustrations by the author's grand kids, and they add to the playful, family vibe of this book. A good thing to have around, especially if you are a lazy dad who wants the reputation with none of the work.

I bought this as a gag gift for Father's day for my husband. It is a running joke that he will have to up his dad joke skills now that our kids are getting older. The jokes are of course cheesy and not all that good, but it's dad jokes...I didn't expect any different.

I got this for Hanukkah for my husband's first Hanukkah as a daddy. He loves these kind of jokes and was very excited to begin reading them aloud. You're getting exactly what you asked for with this book!

Every joke involves cows. It's a whole lame book about cows, not dad jokes. You were warned.

Bought this for my boyfriend's son who wanted to purchase it for his dad. Full of funny jokes - great gift idea for those who need to add a few newer corny jokes to their usual offerings!

Lame jokes. Gave as a gift and wished I read the jokes first.

Gave it to my husband as a first father's day gift...cute but it's really just a bunch of cow jokes. Seriously, mostly just jokes about cows. It's the thought that counts...

This was a gift for my dad who loves silly dad type jokes. He seems to be enjoying it and the book arrived in perfect condition. We are pleased.
