# Wally: The Life Of A Punny Bunny

## Synopsis

A playful book of puns from the Instagram megastar rabbit, @wally\_and\_molly. Described as a cross between a poodle and a pom-pom, Wally is an English angora rabbit with giant, wing-like ears, fluffy bellbottom paws, and a twinkling smile. His owner Molly brought him home on New Year's Day in 2015. Since then, he has become a veritable Internet sensation thanks not only to his adorable stature, but also to his humorous voice. In WALLY, you'll learn about his thoughts, feelings, and hobbies, offering witty puns on a number of topics from riding a "chew chew train" to singing "carrot-oke" and showing off his "œfurrow-cious" dance moves. Photography that highlights his sweet personality is paired with a simple yet fun design to make this book irresistible for kids and adults alike.

Online, Mashable, Hello Giggles, and more. Molly received her master's in social work from Simmons School of Social Work. They live near Boston.

This book is the best! kids will love the funny puns and Wallys cute pictures. The photography is really great. Kids love books like this. Great job !!!!!!!

This book made me laugh out loud! I recommend this book to people of all ages!

Enjoy following Wally & Molly (and Suki) on FB and Instagram. Since Wally recently passed, I now have a keepsake.

I love this bunny! Wally and Molly are Instagram favorites -- such joy - can't thank them enough.

Absolutely adorable! Bought these for my daughters Easter basket. Can't wait to show her.

This book is so well written. I have followed Wally and Molly (and now Suki) on Instagram for awhile, so of course I had to order this book about my (and the world's) favorite bunny! Unfortunately, I am reviewing now, when our sweet, sweet Wally has passed, but this book is an incredible memento to memorialize our dear Wally. He was truly the best, and this book is like reading all the thoughts you just know he was thinking. I highly recommend it!

Fantastic book a must have for any bunny lover. But also any mommy or teacher to read to kids. Great humor and photography. Wally passed over the rainbow bridge right around the time this book was made available so for our family its like seeing him again like we used to on Instagram daily. It will be a favorite

Ordered two of these books as gifts as I am a follower of Wally and Molly on InstaGram. I loved the stories "Wally" told (as written by Molly) but was a bit disappointed that the book did not capture any of her great story telling. Wally in his natural setting would have also been better than the drawings with Wally's picture put in. That said, book is appropriate for children under 4 years of age in my opinion.
