Acing Civil Procedure (Acing Series)

Synopsis

Moving beyond the outline format used by most students, this book uses a checklist format to lead students through the questions they need to ask and answer to fully analyze the legal questions they are trying to resolve. It assembles the different issues, presenting a clear guide to procedural analysis that students can draw upon when writing their exams. Other study aids provide sample problems, but this book offers a systematic approach to problem solving.

Book Information

Series: Acing Series (Book 4)

Paperback: 275 pages

Publisher: West Academic Publishing; 4 edition (May 19, 2014)

Language: English

Best Sellers Rank: #54,261 in Books (See Top 100 in Books) #52 in Books > Law > Rules & Procedures > Civil Procedure #618 in Books > Textbooks > Law

Customer Reviews

Three weeks before my final, I was completely lost, and panicking about failing the class. A friend recommended this book to me. It actually made everything make sense! The checklists were especially helpful for walking through a problem. End result: I got a B!

This doesn't fully cover everything that we learned in my CivPro class, and needs to be updated with some newer cases. Otherwise, pretty good. It would be nice if they included a digital copy with the paper book.

I buy all the acing books for law classes and this one was the least helpful. It has decent outlines to help you, but does a bad job of explaining concepts. My friend had an older version of this that did a better job.

My final is in 3 days and I am kicking myself for not buying this earlier. It is the perfect supplement.

You will not regret getting this... Literally has all of the checklists you need!

A great book, really helped me "get" Civil Procedure. The checklists were very helpful.

This book saved my semester. Only downside is that it does not cover classactions.

very helpful supplement, gives the reader a linear way to think about complex problems

I am about half way through this book. Also haven't taken the exam so I can't attest to the effectiveness. However, this book is great for learning the how to attack an essay after memorizing the "black letter" law.
