Sarah Goldschadt is a Danish American freelance graphic designer and crafter who loves to make things, travel, and take pictures. Her work has appeared in Oprah, Better Homes & Gardens, Martha Stewart Living, Food Network Magazine, Do It Yourself, and Kids' Rooms. She lives in New York City and blogs at sah-rah.com

As another reviewer mentioned, the author of this book chose a few simple (albeit sweet) crafts and remade them week after week following a different theme.. I expected a book teeming with ideas for my daughter, who is an avid crafter, instead it is a book full of a couple useless crafts (how many cupcake toppers and pennants does one need??) of which you any given person can probably make 2 or 3 and then put the book on the shelf to take up space. Boo. Wish I'd seen it in person, I wouldn't have fallen for the misleading title:p

The book's description leads the reader to believe there were 365 distinct crafts, one for each day of the year. This is simply not so. There are actually only several individual crafts with many variations to make up the stated number. In this case this is neither 365 crafts nor is it worth the price. I am returning this purchase.

It had a lot of repetition. For example it showed you how to make a frog, then it gave you different things to put the frog on and each one counted as one of the three hundred crafts. It was pretty much all the same thing throughout. Except around February, the crafts were numbered as days of the year, it was hearts and how to put them on cards or turn them into a mobile. It wasn't horrible but I was hoping for more.

Disappointing, boring - I was led to believe by a magazine review that this was "fun filled w/craft projects of all ages". NOT! They're not even different each day - one theme goes on for almost a week. For small kids only - very limited projects and ideas.

I was hoping for a variety of crafts. It seems like most of them were pictures to make to stick in cup cakes or hang on a string. More coloring templates than crafts. We returned it even though we had to pay return shipping. Do yourself a favor and don't buy this craft book.

I didnt care for this book as it has a theme for the week like snowman, and makes a paper snowman, then uses the same template for a snowman name tag,etc. I was thinking it would be a different craft each day. Not at all what I expected.

I love this book! I bought it to inspire me and I love the simplicity of it! I am an avid crafter and baker; or I was until I had kids. I love that the crafts aren't complicated. Since having children my hobbies have waned, this book reminds me that I can do something fun and creative, for me, every day in a minimal amount of time and with minimal resources. The cover is very representative to the crafts inside.

Very disappointed with this book. Its basically the same thing for every day to make just different shapes. Lame
