Customer Reviews

The dolls are easy to assemble and they look great. I like what this artist has done/written herein.

Get this book if you are into making dolls and like fantasy stuff or go for the full version with all of the creatures (also here on).

Dawn's book are great but all of them are very similar and she teaches many of the same characters in the all the books

lots of information and I do love to sculpt and this book is very well written easy to follow to make really cool characters in polymer clay

Instructive, clear illustrations, simple to understand instructions. Anyone would be glad to have this book when starting out with polymer clay.

After a quick check, I can say, it is not very detail, but if you know a bit of anatomy, it is a great book to make character. Use your imagination! For the price, it worth it.

Another one filled with Lot's of great stuff. Love her ideas , Doll's and her inner Fae :-), it helps me find mine.
