Love these books!! She is very easy to follow and makes her food with recipes that are easy to find ingredients for. I have ordered many and my husband and I both like the simplicity of the recipes.

I have tried almost all of these recipes and each one tasted great. I love the fact that each recipe is low-fat AND tastes great. I've tried recipes on family and friends and no one was able to guess that

it was low-fat. Everyone raved over them. I would buy one for all of my friends if I could afford to do so (but I don't want to give away all of my "secrets").

So far everything I have cooked from this cookbook has been excellent, easy to make and recipes are easy to follow. I would recommend this book to anyone!!
