The Forest Feast Paper Placemats: 40 Sheets, 5 Designs

Synopsis

Photographer, blogger, artist, and stylist Erin Gleeson combines food, flowers, watercolors, and vintage tableware to evoke the ease and festivity of her cabin in the Northern California woods. Inspired by her cookbook, *The Forest Feast*, this tear-off pad contains 40 paper placemats (eight each of five different designs). The placemats are perfect for brunches or picnics, for serving cheese or fruit, or for everyday dining. Designed in five different color schemes (indigo, pink, red, teal, and lime), the placemats can be mixed and matched eclectically or used to create a coordinated tablescape.

Customer Reviews

Photographer and artist Erin Gleeson lives in an idyllic cabin near San Francisco, California, where she paints beautiful watercolors, cooks from her CSA box, and writes her beloved food blog, *The Forest Feast*, and a weekly "Delish Dish" column for *Better Homes and Gardens*. She has garnered attention from *Design*Sponge*, *Food 52*, *Bon Appétit*, and *Saveur*.

I bought these placemats to use for a tea party for my 77 year old mother and her friends. It was a sweet gathering and we wanted to make it as beautiful as possible for them. I wasn't disappointed in these placemats! I tweaked them a little to make them water resistant, since we were using them on a finely finished table top and didn't want to risk an accident. The table top was pretty spectacular! The designs look so much prettier in real life! They are colorful and the artwork is very

well done. We used clear glass plates so the design from the placemats would show through. I placed forks and spoons on each placemat. It was cute, several of the woman asked where the silverware was because it was so well camouflaged!The paper isn't particularly thin, but we still wanted to make sure moisture didn't seep through them if anyone dripped their beverage. I bought a white thin vinyl disposable table cloth and cut it into rectangles, then taped them to the back of the placemats using clear packing tape. The paper placemats laid flat and smooth. It was quick, easy, and the 2 dollar table cloth covered a lot of placemats. We're going to do this from now on with other paper placemats.We are all beyond pleased with these paper placemats! Everyone loved them!

These are great!... I am a realtor and bought these to use as staging in open houses. But I found that they actually work great as placemats as well. All of the different mats look close to real. Also a great decorative idea.I was very impressed with the weight of the paper. It is of a heavy weight.

I have purchased several "tablets" of decorative placemats and these are my very favorite. What's not to like about eating from a variety of vintage china settings every day? They are the BEST!

Each pattern is beautiful! The paper quality is very nice and heavy, so it doesn't crumple or tear easily. It exceeded my expectations! I'm very pleased with this product!

Beautiful and Fun!
