I was able to find what I needed. Excellent resource! Easy to read. Easy finding what you are looking for.

Not much to day, great content

Was a very helpful reference.

If for some reason your Civ Pro professor doesn't tell you to buy this book, be sure to have a copy anyway. It's a great reference guide for federal rules, key statutes, and the Constitution.

I don't know how much of this is just me being selfish, though. Our professor is only allowing us this book for the midterm and final. We can use the margins, which this book essentially does not have. We can't use anything but the pages of the rules that we have covered. Also, it's a little bothersome that there are a few rules are on one page. You have to tab the bejesus out of this book to make it functional.

It seems big but that is not right it is too small.
