# Graveyard: True Hauntings From An Old New England Cemetery (Ed & Lorraine Warren)

## Synopsis

Ghosts are always hungry, someone once said and no one knows how ravenous they really are more than Ed & Lorraine Warren, the world's most renowned paranormal investigators. For decades, Ed and Lorraine Warren hunted down the truth behind the most terrifying supernatural occurrences across the nation... and brought back astonishing evidence of their encounters with the unquiet dead. From the notorious house immortalized in *The Amityville Horror* to the bone-chilling events that inspired the hit film *The Conjuring*, the Warrens fearlessly probed the darkness of the world beyond our own, and documented the all-too-real experiences of the haunted and the possessed, the lingering deceased and the vengeful damned. *Graveyard* chronicles a host of their most harrowing, fact-based cases of ghostly visitations, demonic stalking, heart-wrenching otherworldly encounters, and horrifying comeuppance from the spirit world. If you don't believe, you will. And whether you read it alone in the dead of night or in the middle of a sunny day, you'll be forever haunted by its gallery of specters eager to feed on your darkest dread. Don't miss the Warrens' latest film *Annabelle* (in theaters Oct. 2014).

## Book Information

Series: Ed & Lorraine Warren

Paperback: 240 pages

Publisher: Graymalkin Media; Reprint edition (December 31, 2014)

## Customer Reviews

"Ghosts are always hungry," someone once said and no one knows how ravenous they really are more than Ed & Lorraine Warren, the world's most renowned paranormal investigators. For decades, Ed and Lorraine Warren hunted down the truth behind the most terrifying supernatural

occurrences across the nation and brought back astonishing evidence of their encounters with the unquiet dead. From the notorious house immortalized in *The Amityville Horror* to the bone-chilling events that inspired the hit film *The Conjuring*, the Warrens fearlessly probed the darkness of the world beyond our own, and documented the all-too-real experiences of the haunted and the possessed, the lingering deceased and the vengeful damned. *Graveyard* chronicles a host of their most harrowing, fact-based cases of ghostly visitations, demonic stalking, heart-wrenching otherworldly encounters, and horrifying comeuppance from the spirit world. If you don't believe, you will. And whether you read it alone in the dead of night or in the middle of a sunny day, you'll be forever haunted by its gallery of specters eager to feed on your darkest dread. Don't miss the Warrens' latest film, *Annabelle*, in theaters now. Books by Ed & Lorraine Warren also include *Ghost Hunters*, *The Haunted*, *In a Dark Place*, *Werewolf*, and *Satan's Harvest*.

This book is frightening. It's scary to know that these are true stories that happened to real people. It definitely reminds you that playing with ouija boards or calling out to the dead is very dangerous and can ruin your life! I recommend this book to anyone who has questions about the paranormal world and would like an understanding. I like that the Warrens add their take to each story as to why this happened and what it means. I can't wait to start reading book 2. I believe there are a total of 7 books. This was an easy and good read! You won't be able to put the book down until you're done!

It is difficult to review a book on the paranormal. People either believe in ghosts or they do not. I don't really think that skeptic is a good term, as it means that the person investigating the case really has no opinion. Their mind is already made up in most cases. I am a member of a few paranormal websites. I have been fascinated with ghosts and haunting from childhood. My experiences have lead me to never doubt that something might be very real. You ignore such things at your peril. Ed and Lorraine Warren dedicated their life to the investigation of the paranormal. This I believe is book one in their series of reports of the paranormal. This book deals with ghostly events occurring in the Union Cemetery in Connecticut. The cemetery is very old and has a reputation for haunting that has stretched back over centuries. These are the tales from Ed and Lorraine's investigations as well as stories reported to them. The stories are short and I find some of them lacking in any interest beyond the fact that it's Union Cemetery. I felt that given the reputation of Ed and Lorraine the tales could have been so much more. I am sure they are faithfully recorded but I am missing the rest of the story, you know? I need to feel the case, not just read it. I give the book three stars. Quoth the Raven.

I love reading the case files of Ed & Lorraine Warren! The first one I read was "The Demonologist", which I had years ago when I was in school. I was fascinated with the tales in there and it was where I was first introduced to "Annabelle." These new editions are much better than the versions I had in the past, with cleaner print, easier on the eyes. Several have photos that are much more clear than some of the previous editions. I am so glad these books are back in print, and in a pleasant, matching collection. Be sure to get all of them, and be ready for many chilling nights reading the spooky stories that will give you lots of restless sleep. :)

I love reading about ghosts. This is about a haunted cemetery in Connecticut it is very insightful about the occult and why there is such a rise in the supernatural happenings in cemeteries. There are stories of hauntings from other cemeteries in New England. Some of the stories are creepy enough to make your skin crawl.

Really like this book I really like this book . Sorry this is in here twice but I'm using a microphone. Ed and Lorraine Warren are good people no matter what realm they are in . They have helped a lot of people through the years . If you want to know about them and their lives the best thing you can do is buy their books and the lessons . Unfortunately they have left everything as far as I can tell to their son-in-law . It seems to me that he has turn their site end who they were into basically a money make money making machine . What I'm saying is it's best to buy off of Kindle or some other site not the New England Society for psychical research site . Whether you are a believer or not this book is interesting and has many good stories . Good reading and blessed be .

A fun spooky book for light summer reading! I don't buy into the whole Lorraine and Ed Warren deal, but I do love reading about them for fun. If you like creepy and spooky, but not really scary/gory/blasphemous, you'll like it. It's right in line with the other Ed and Lorraine books if you have read any of them.

I liked parts of the dialogue but for the rest of the stories, I have to say I found them a bit dull. I would venture to say that I've read forms of some of them before.

This was a compilation of scary stories are having a reference to a graveyard in them. It wasn't exactly the book I was expecting, but I still enjoyed it. It's a quick read.
