HIS PROPERTY: A Dark Bad Boy Baby Romance (Iron Bandits MC)

Synopsis

I f*cked her like sheâ€™s my property â€” because she is. She showed up on my doorstep, desperate and alone. My dead brotherâ€™s girl â€” with their baby in her arms. Iâ€™ll take them inâ€” under one condition. As long as theyâ€™re here, Iâ€™m gonna f*ck her from dusk â€” til dawn. Iâ€™m not a babysitter, not a saint. Hell, Iâ€™m not even a nice guy. Iâ€™m a motherf*cking biker. I fight hard and f*ck harder. I ride fast and drink faster. I donâ€™t ask forgiveness or permission â€” I just take what I want and crush anyone who tries to stop me. But Ellie is an obstacle of a whole â€” other type. I didnâ€™t ask to be the guardian of my dead brotherâ€™s family. And yet, here they are. But itâ€™s more than just a babysitting gig. She needs something from me. A fake marriage. Well, shit. Iâ€™ll do what I have to do â€” for my brotherâ€™s sake. But if Ellieâ€™s gonna be my wife, she better be prepared to perform all her wifely duties. This wedding may be fake, but her moans sure as hell wonâ€™t be. Bend over, sweetheart. You belong to me now. HIS PROPERTY is a bad boy MC baby HEIST romance. It is over 50,000 words of hot sex and exciting action, and comes with two exclusive bonus novels. Enjoy!

Customer Reviews

I enjoyed all the stories in this book. At first I was on no here we go again with the bad written books, but I really was surprised that all three books kept my interest and got me guessing how they were going to end.

I liked this book. A lot!. In fact I had trouble putting it down when it was time to sleep. The story line was good, the writing was good and the characters were great; well thought out and well written. Ellie, as a mom and as a woman highly attracted to Jack was written perfectly. I have to say though that the Jack in the book was MUCH nicer than the Jack in the promo blurb.... and that's a good thing. The bad thing is that I almost did not choose this book because of the blurb. This is not a dark, dark story and Jack is not a terrible bad boy other than the fact that he's a MC member. I like a good, strong alpha male and I like good, strong bikers. That is not the kind of man the blurb describes - that man was just plain vicious. Could very well be that Ms Parker is shooting herself in the foot by trying, in her blurbs, to make her heroes seem darker, uglier in spirit and meaner than they are.

Jack's brother Keith was murdered. It had been a year and he was on a bender. His friend Grath came and woke him up, said that a woman and a baby were looking for him at the tattoo shop. Ellie had had sex with Keith once and they figured they should never do it again. Best to be friends. Keith was murdered. She was pregnant. Their son was going to need medical help for his heart. Her grandmother left her an inheritance but she had to get married. She also had a stalker, a guy she dated a few times. Ellie knew that Keith's brother was a good guy because Keith always spoke highly of him. Ellie decided to go to Jack for help. When they touched they both felt the electricity. Jack didn't want to get involved with Ellie until he found out Keith and her were friends. When he found out Ellie and Peter were living in her car, he took them home to his house. One day a rock with a note attached was thrown through the window at Jack's house. Ellie's stalker Brian threw the rock and harassed her. The note said: You made me do it once. I'll do it again and again. For you. For us. Forever. Jack wanted to figure out what the note meant before he showed it to Ellie. Grath talked to Ellie about the note and she broke down. She thinks that Brian killed Keith. Will Jack still marry Ellie since she didn't turn in Brian for murdering Keith? Will Peter get the surgeries he needs to live? What will happen to Brian? What will happen between Ellie and Jack? I voluntarily reviewed an Advance Reader Copy of this book.

Attention: This book needs to come with a warning that starting it will cause bloodshot eyes,

exhaustion and a reading hangover because once you start reading you won't be able to stop until the very last page! I loved the story of Ellie and Jack-O and the fact that this big, bad ass Biker guy has such a soft spot for his "nephew", Peter and his mother who had a one-night stand with Jack's dead brother Keith. This book has all the great parts to a great book: Instant lust/attraction between the two main characters, a beautiful unplanned baby, a mysterious stalker from Ellie's past, a dead brother still being mourned by Jack and Ellie for different reasons and the chance for an HEA but so many obstacles to get around. I was hooked from the start and loved this beautiful story not knowing what the end result might be. Do yourself a favor and one-click this book but make sure you don't have anything else to do once you start reading. I was given an ARC in exchange for an honest review

Zoey Parker is amazing! I love romance books but MC romance books are a personal favorite of mine. Zoey Parker has completely blown me away with her talent. From the opening page I became absolutely riveted. Her latest book has a terrifically written storyline as well as a set of characters you'd love to know. The way this brotherhood was portrayed was perfectly executed. If you are in the mood for some drama, a whole lot of romance with downright sexy/steamy scenes and a happily ever after you'll be routing for the entire time, then you've found it right here. Ms. Parker is never one to disappoint and always produces high quality books for her readers. I highly recommend this book and author anytime to everyone. I voluntarily requested an advanced reader's copy of this book in exchange for my honest opinion and am fortunate to have done so. Thank you, please keep them coming.

This was another FANTASTIC book the Zoey Parker. I love this author. she never lets me down. With each book she writes, she continues to amaze me. This book was her best one yet. The story was fun and exciting. I absolutely loved the characters. I really like how as Zoey writes she makes you see and hear her stories as if you are there. It is so amazing how you are right there in the story with her characters. My heart felt as if stopped a few times during this story as I cried, laughed and was frustrated among the many other feelings I shared with the characters during the course of this book. It is amazing that a book can make you feel all of these things as if it were your own story. This is a must read. Once you read it you will tell all your friends as I do mine. I voluntarily read this book as an ARC.

I volunteered to read this book because i love Zoey Parker and have read many of her books before

and she does not disappoint. Once again she throws out a whopper. I could not put it down. Ellie slept with his brother after her crazy stalker ex came looking for her and he saved her. He ending up getting killed and she found out she was pregnant. She runs to Jack his brother for help. Jack is a biker and owns tattoo shop is on bender and she shows up and he is mad and wants a test to find out if baby is his brothers. Peter has a heart condition and she needs money. To get her grandmothers inheritance she needs to be married for 6 months. He offers to help her when they find out he is the uncle. They want each other but are off and on. Stalker is back causing trouble. Great book a 10 star read.
