## Customer Reviews

Product as described & arrived on time. This was bought as a textbook for a class so it served its purpose, but I learned a lot so I was glad I had the chance to read this book. I remember one chapter that shows the differences of women working in the criminal justice field compared to men, specifically, their salaries and the different pay scales. It shows that, even in today's time of the 21st century, women are still making less money than men and how we, as a society, can take appropriate steps to possibly change that. Thanks!

SO fascinating and educational! This was a required read and I loved it!
