Synopsis

Don't have enough hours in the day to prepare healthy but deliciously good meals? 23 Healthy and Crazy Good Cast Iron Recipe Meals was created to produce Fast, Healthy and Crazy Good meal results, while making it as easy as possible for the average person to learn about Cast Iron Cookware and Cooking. Any idea what these black and glossy pots and pans are all about? Well, they are similar to what your mom and grand mom cooked with, when cooking the food that you grew up eating. When you eat your meals now and compare it to grannies or nanas cooking, you must definitely be wondering why their food was much tastier than what you currently prepare? You may even be using their recipes but your meals just don't have the same taste. Lets face it, with Cast Iron Cookware it isn't hard to eat delicious food. The hard part is planning, preparing, and maintaining your Cast Iron Cookware. The problem with our generation is that we are either too much into junk, or extremely health conscious. If you are one of the health conscious ones, then I bet you opt for non-stick cookware, which requires less oil. Well, herein lies the difference. The same dish cooked in a metal cookware (read, cast iron) will taste different (better different). The best part of using cast iron cookware is that you can try out the same recipes, which you cooked in the same old non-stick cookware, and taste the difference. In this book we have brought to you many recipes from the classic American corn bread to casseroles, from Mexican tacos to Asian noodles, plus many more. These recipes are simple and easy to make. In addition to the book recipes, this cookbook will:

- Teach you the History of Cast Iron Cookware
- Show you the different types of Cast Iron Cookware
- Show you the Benefits of Cooking with Cast Iron Cookware
- Teach you how to season your old or new Cast Iron Cookware
- Give you some very handy Cast Iron Cooking tips to create dishes with great flavor and mouthwatering appearances

Customer Reviews

One thing I am always looking for are recipes to try out with my cast iron Dutch ovens. This book had several recipes that I hadn't tried before, and they were all super tasty. I do not do a lot of cast iron cooking in my kitchen, but am planning on purchasing a skillet so I can try some of the other recipes. There are some really good looking dishes that made me hungry just reading through them. I like the way this is written with great history sections and facts about the cast iron skillets that are very interesting. It has easy-to-follow instructions, as well, common ingredients for most of the recipes. The cast iron cookware is very versatile, and these recipes demonstrate that. Overall, this was a great cookbook that I would recommend to anyone.
