Customer Reviews

A must have for quick case comprehension.

Very helpful condensation of all the cases in the book that it is keyed to. Does not contain some of the more helpful explanations that can be found in the keyed textbook though.

This book cannot be considered in good condition - at best its in a fair condition.

Great text, makes buying a casebook for Wills & trusts unnecessary. My professor required that we buy this book and nothing else, although I imagine not all professors are so kind.

Casernote Legal Briefs are the most helpful tools in legal classes. Highly recommend this series.

Great product

Helped me deal with those long cases!

Casenotes is a must for all Law Students. The front cheat sheet I look at when listening to Law Professors Audio tapes.
