Bought this as a birthday gift for my granddaughter. I am sure she will love it!

Pretty good, it was for my daughter. Quality bright white paper, so it's easy to make the colors stand out. The girls are drawn well, but there are no backgrounds or patterns behind the figures. But that can be a plus if you want to keep with simplicity, which is what some kids like. They're not overly complicated to color. My daughter prefers the fashion style coloring books, and this fits right in. I was thinking of cutting a few of them out after she colors them and maybe mounting them on stiff card board for decorations too.

there is a nice variety of cute pictures. the line work is medium bold and crisp. There is even a few anime girls included. The only thing I would add is a few drawings with a little background scene. All

in all, a very sweet, nice color book well worth the cost.

I bought this for my 8 year old granddaughter...she loves it.

My 4 yo niece who loves fashion is obsessed with this coloring book!

my granddaughter who is into "fashion" loved this book and it kept her busy on a long weekend visit!
the colors are great - it's easy to work in and she just loved the fashions in it!

but a little disappointing really. Just rather simple and plain with a lot of space on each page. Not a bad deal, but now what one might hope.

My 9-year-old granddaughter loved it!
