Deviled Ham (The Rachael O'Brien Chronicles Book 10)

Synopsis

In book ten, Rachael O'Brien's blossoming relationship with a handsome FBI agent has lifted her romantic hopes, but being on the run from a murder charge presents a thorny conflict of interest for the lawman. Determined to clear her name, Rachael enlists her worldly grandmother and her southern fried friends to help flush out the wily voodoo priestess who holds the key to exoneration. But plans are complicated with family dynamics when Aunt Gert, the Sunset Towers retirement homes newest tenant, claims the place is rife with devil worshippers hell bent on killing off the residents. In Paisley Ray's DEVILED HAM inner strength and survival instincts are tested as Rachael struggles to prove her innocence, protect her family, and kindle a romance. Can she untangle the knots that bedevil her before all is lost?

Customer Reviews

I really like the Rachel O'Brien Chronicles. While set a few years after my own college years, I see my friends and I in here...even down to the Southern living on the water. Yeah....Rachel is my home

girl! Good series for those who went to college in the 80s. Fun reads that make you long for the old days. Hey, who says you can't go back? Escape for awhile and go back with Rachel and her friends.

I love this series and was not disappointed in the 10th novel. It has been awhile since I read the 9th one, but I was immediately immersed in the characters again. I was excited to see Mitch make an appearance as well. He might be my favorite of Rachael's love interests.

Just finished Paisley Ray's 10th book of the Rachel O'Brien Chronicles. My head is spinning from all the goings-on. Another fun book from the talented author! I just love this series. I am looking forward to book #11.

Do yourself a favor and read the first 9 Rachel O'Brien series of books before delving into Deviled Ham. You will feel disjointed and a bit lost if you don't as it is like reading the middle one large novel. One large, fabulous, hilarious novel! Paisley Ray if you are reading this get back to work, woman! We need book 11 and 12 and....Feed my addiction!! :)

Yet another slam dunk for Paisley Ray!!! I love every single book in this series and this latest one did not disappoint!! Each time you think you might know what's coming next, she throws in a new twist and you're right back at the beginning trying to figure out where the story is going next. Can't wait for the next book to come out!!

The last three books combined are only covering one summer & should've been one book. I still enjoy the writing and the fun story lines, but breaking such small periods of time into an entire book is just irritating - that makes it a short story, not a book. It feels like I'm paying 3 times to get one book. I just don't like that.

I've now read the first 10 books and am looking forward to book 11! I'm a Paisley Ray fan. Fun light reading with a bit of romance and lots of adventure.

I love these books - great read and you can always pick up one in the series and still figure out who's who and what's going on even if you haven't read from Book 1. But read them all -they're great - and I'm always anxious for the new ones to come out!
