Lots of great holiday recipes. Easy to read, great pictures and some unusual takes on traditional dishes. I'm a cook book collector and love this one, but it would also be a great gift for anyone

This was my first Canal House book and I was very pleased with the recipes featured. It's a very warm book and I appreciated the way it was bound, which makes it easier to travel with. Great book, looking forward to all future volumes!!

I love it!!!! The two women who ARE Canal House construct superior cook books that are easy for anyone who loves to cook delicious food.

All of these Canal House books are great!

I like this book but don't love it. The recipes all sound wonderful the book just doesnt engage me the way many of my favorites do.

Wonderful cookbook...

Canal House Cooking is like having a best friend who is a fabulous cook and shares her recipes with you! The recipe using duck eggs was the first I have ever seen anything about using them, and we have plenty every spring. My only criticism is that I would have liked the book to lay flat when opened for ease of use when cooking.

I wasn't sure what to expect, as I have never seen Canal House Cooking before. However, I was very pleased to find detailed recipes for a wide variety of foods as well as menus for both Thanksgiving and Christmas feasts. The recipes do not require lots of trips to tiny specialty markets - they rely on staples that are reliably found in most full sized grocery stores (or your garden!). Some recipes have pictures...but I do wish every recipe had a photograph. All in all it was a great find and I am pleased with the down-to-earth nature of this cookbook.
