Customer Reviews

I was extremely pleased with the content of this book. I was familiar with the Gooseberry Patch books but this is the first one I bought. Although the content was very good, I am sorry that I cannot say as much for the condition of the book. I know when buying a used book I may encounter tears, wrinkling and even some writing on them but this book had several pages with items cut out of it and a page or two actually missing. I think that this should be noted when giving the condition of the book. I don't mind a beat up used book but it should not have had items cut out.

My moms favorite

Excellent book and series for Christmas cooking and cookies. My wife used to get from library but

loves being able to write notes and stuff in her own book.

Great shape.

cannot really rate this since I have yet to actually see it! I would hope it is in good shape.bo hunk

The Gooseberry Patch Christmas books are a valuable resource for recipes and craft projects.

I love all the Gooseberry Patch books, they really get you in the Christmas spirit. Maybe this year I will be ready for the Holidays a lot sooner since I have been reading the Goosberry Patch Christmas books. I would love to own them all. Santa are you listening?
