Customer Reviews

This book provides several ideas for dolls by varying the basic doll pattern. I made three of them within the first few weeks of getting the book. The size of the completed doll (if you do not change the pattern) is about 15 inches tall which is a size I like. It's not so small that it is difficult to sew, but not too large a doll for a young child. Making the nose was tricky for me, but I was able to work it out with enough practice.

I appreciate the book because it's very well prepared, clear explanations and great quality. Highly recommend. Best regards from Brazil.

I discovered this book at a local library and fell in love with it. I did find a copy that I bought for quite a bit of money, but it is worth the money. There is a basic doll pattern, with many outfits for male and female dolls. Clear and easy instructions, nice patterns and just a lovely book for doll making.
