The Winter Garden: Over 35 Step-by-step Projects For Small Spaces Using Foliage And Flowers, Berries And Blooms, And Herbs And Produce

Synopsis

There are plenty of creative ways to bring vitality to your garden, with ideas for planting pots, forcing bulbs, growing winter crops, and more. In the first chapter, Stems and Leaves, you will learn how to make a stunning wreath from succulents, plant a decorative tabletop display of miniature conifers, and grow ferns in a reclaimed sink. Add scent to your winter garden with Beautiful Bulbs, where you will find bright hyacinths in glass jars, crocuses in jello molds, a china tureen of snowdrops, and other imaginative ideas. Winter Color has bright designs such as a vivid vertical display of cyclamen in vintage cake tins, an indoor terrarium with hellebores and violas, festive poinsettia pots, and a variety of containers with small-scale shrubs laden with berries. And if you are keen on growing your own food, there are projects in Winter Harvests to make the most of hardy herbs, cabbages, chard, and lettuces. Whether you want to decorate your entrance with colorful pots, brighten up your balcony or windowsills, or grow a winter harvest by the kitchen door, you will find The Winter Garden packed with ideas and inspiration.

Customer Reviews

Emma Hardy is a keen gardener, with a level 2 certificate in Horticulture from the Royal Horticultural Society, UK. She has gardened on a community garden for several years, and is currently creating an urban garden with fruit, vegetables, and as many plants as it is possible to squeeze into a small space. She loves planning and creating gardens, but most of all she enjoys getting her hands dirty, and just pottering. Emma's previous books include "Teeny Tiny Gardening", "The Urban Wildlife Gardener", and "Green Crafts for Children", all published by CICO Books. Married with two

daughters, Emma lives in south London, UK.

A nice book-not one of my all time favorites but it does have some good ideas.

Love this book. I have started some forcing projects already.

I love this book. I did not follow it step by step, plant by plant, but It gave me great inspiration and ideas.

There are some wonderful, easy-to-recreate projects included in this book. Winter is a bleak time and these projects are an excellent way to get a jump on Spring, add some interest to the house/garden and enjoy the season. In addition, This book was in excellent condition and arrived right on time.

Beautiful book, even if I didn't garden I would love to look at it. Also instructive and creative ideas.

Great service and delightful information.

Love it!
