This Farm's Life Adult Coloring Book: Farming With Nature, Animals, Organic Gardening (Storyscapes Book)

Synopsis

THE BEST FARM SCENES TO COLOR! This Farm's Life Coloring Book is a journey through a day on a farm. Animals, trees, plants, farmers and their kids all join the fun on this natural farm. This groundbreaking new coloring book showcases different ways of stewarding the needs of the environment while at the same time producing a variety of usable products for the community. These yields support a healthy, functional and productive farm. Follow the story and get inspired to learn about growing healthy food, building topsoil, catching rainwater, saving seeds, using renewable energy, and more. Enjoy coloring flowers, animals, plants, insects, mandalas, and farm scenes. Happy coloring!

Thank you for considering This Farm's Life Coloring Book! I'm excited to share this book and its message with you. As an experienced organic farmer, ecological landscaper, writer, artist, and lover of nature I am always looking for new ways to help folks connect with the land. As a dad to two beautiful children and a happily married husband of an artist, colorist, my family and I felt there has been something missing with the coloring book trend. We feel that this type of book could be a great way for families to enjoy the calming nature of coloring while also learning about organic farming practices. Many of the themes of the book stem from best practices in sustainable agriculture and organic farming. We really hope you enjoy these coloring pages, the poems and

learn something from the experience at the same time. From our family to yours, thank you so much for reading this message and checking out our book!Â

Erik is a passionate writer, inspiring educator and experienced professional landscape designer. He is driven to help people re-connect with nature and themselves. For nearly 20 years Erik has taught ecological landscape design and implementation to thousands of students and clients around the world. He enjoys this work and is always looking for more ways to reach larger audiences in his mission to steward the environment. Through his businesses, children's books, adult coloring books, articles, videos and podcasts, Erik has made a life-long commitment to building communities and restoring our landscapes.

I have received this coloring book. Thanks! I love it

This Farm's Life Coloring Book pleasantly surprised me! Not only did it have beautifully illustrated pages to color but it also had a fun to read ecological message about life on a farm. I found it informative and would definitely recommend it for both adults and children of all ages.

Love this book.

This book is awful.

Unbelievable! As we're learning about Permaculture and my 10 yo daughter has decided she likes coloring complicated pictures this book is a win/win for us :) Thanks so much for your attention to detail and the lessons that go along with the pictures
