Natasha Allegri is an American cartoonist, writer, and storyboard artist from Tucson, Arizona. Allegri created Bee and PuppyCat, the series from Frederator / Cartoon Hangover

This is an adorable cookbook! Recipes are varied and seem within the abilities of most beginning cooks. This would be fun to use in teaching kids how to work some magic in the kitchen. Have already found a couple of recipes I will be making in the next couple of days!

I love this little cookbook - mainly for the adorable drawings, but the recipes are simple and easy, too. My only negative was that my book came with a stain on it that permeated a few pages. I'm not one to make much of a fuss about these things, but I could see why another buyer would be upset. I would have liked a pristine copy, but this will do. Meh!

I see I'm not the only one with page issues, thankfully mine is just one page. Still kinda disappointed about the page because I'm weird about imperfections like this..

Don't get me wrong, I love me some Bee and Puppycat but Many of the recipes didn't feel truly like Bee and Puppycat recipes but the art was good and I would make many of these recipes. I hoped they would have better desserts since the desserts she draws are AMAZING, but I mean, chocolate cherry tomatoes? which was described as "edible and somewhat tasty" which doesn't really entice me to want to make it. I enjoyed it overall but was a bit disappointed by some of the content, and although they did have substitutes for some of the hard to find ingredients, other recipes did not. one of the recipes required a Taiyaki pan which isn't very common in the US. Most entries were by fans and a few by people that worked on bee and Puppycat with no recipes or input by Natasha. it would have been a nice touch to add input from the characters or even adding stories like "Deckard had made me this awesome dish for me and Puppycat last week..." or if they had tried to make recipes from what they have shown on the show and in the comics like those burgers from food farmer. It was nice however to get recipes with eggplants as well as cardamom. I enjoyed the Puppycat ongiri, maybe they could have added more character-themed food like a dessert with a pink icing or fondant bow on it or making a cake that looks similar to the cake on the cover (which okay may be too complicated, maybe a cupcake version?). Expect most of the recipes to serve 4-8 people. Sorry if this is too nitpicky

I got this for my roommate, but I loved it as well! Even if you don't watch the show, this book is so lovely. When you look up "easy recipes", it's usually simple microwaved snacks you already know how to make. Each recipe in here was unique and fun. If you're looking to expand your cooking horizons, this is perfect!

Very cute little book!

This cookbook is the absolute cutest. I wasn't sure if I was going to get mostly art, or kiddie recipes, or what - but what I got were easy to follow recipes (We did the pancakes one that night) with full illustrations on every page.

I love Bee and Puppycat so for that reason alone it gets 3 stars. I don't think these recipes are

"easy" or maybe the correct word would be quick. So the recipes are not really for me. -rachel
