ISBN-13: 978-0735578951

Product Dimensions: 4 x 2.5 x 7 inches

Shipping Weight: 1.4 pounds (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 stars 14 customer reviews

Best Sellers Rank: #361,925 in Books (See Top 100 in Books) #100 in Books > Law > Business > Torts #3875 in Books > Textbooks > Law

## Customer Reviews

I LOVE THIS! I am preparing for my exam now with it and I can tell you EVERYTHING we covered in class is presented in this series but in a FUN and explicit yet concise way! I feel like I could have just learned torts from this series lol! It will be a great supplement with your class, my advice is to use it as you go only with the class so you have already learned much of the info you are just re-studying rather than learning lol! DONT go ahead of your professor because once you get to negligence you can get confused :)

These are a good tool to test your mastery of torts fundamentals. But, they are not an exam study shortcut. I would use these after class to make sure you fully understood the material for the day. As finals come closer, you should transition from these to doing practice tests.

I liked these but many of my classmates did not. Just like with the Contracts version, you'd be amazed at what it calls to mind, what you have forgotten, and what actually applies. Helps to reinforce themes. I don't like the organization system and wish it was an app. If I drop my phone, it's not an endeavor to reorganize everything.

Great for helping study for my torts final. Start studying them early, because there's a TON of info in them. The examples and practice problems are entertaining and super helpful. Definitely worth the money!

Good flash cards and very helpful. These were purchased as part of my study process. They will help with the memorization needed.

No the cards were not new but they are very detailed about the substantive matter of torts. They are organized also in a way that is helpful.

We had probably the worst Torts professor at any top 50 law school. She didn't even know the elements of Assault. The flash cards were pretty clutch, especially for intentional torts. The goofy character names and outrageous situations in the fact pattern questions made them fun to go through and really helped the material stick. They give mnemonics for black letter law, but I'd recommend coming up with your own so they're easier to remember. All in all, though, I'd say this was a pretty good purchase and use of my time while cramming.

This was a very comprehensive review with flash cards. The card set contains numerous hypotheticals to help you understand the different doctrines of Tort law.
