When I first began grade school we had a Halloween carnival and there was this one section where you could stick your hand in boxes that were labeled eyeballs, worms, and assorted other creepy items. The eyeballs felt a lot like eyeballs, even though they were peeled grapes. The worms were cooked spaghetti noodles, but how would a kid know that who was just sticking their hand inside a box? We also had all kinds of decorated cupcakes and cookies, and worm cake and punch served from a toilet bowl. Ever since that experience I have been enamored with fun Halloween foods. This book is exactly what it says it is. It's 24 cute, creepy, and easy Halloween recipes. The recipes are

cute and fun and fairly original, yet they look like scary or creepy Halloween foods or items. The ingredient list for most of the items are fairly inexpensive or are items that you may already have at home. The recipes are simple and fast so you and your kids could spend an afternoon making one of these recipes. It would be fun family time that takes care of a meal or a snack. There are quick healthy snacks, entrees, desserts, and even an adult beverage recipe. The pictures really help to bring the recipes to life and kids love this stuff. Bring back your childhood memories and make some new ones for your kids, while trying some cool, inventive, Halloween recipes.

Author J.J. Pierce has compiled a cute collection of Halloween recipes in their book *Halloween Recipes, 24 Cute, Creepy, and Easy Halloween Recipes for Kids and Adults*. While there are a few photos illustrating the recipes most of the book is text only. This is not a problem as the author has clearly written a clever cookbook and the directions are easy to follow. Most of the recipes seem healthy and most of the recipes seemed targeted towards children. There are a few adult Halloween recipes too. Some of the recipes you will find in this cookbook include: Ghost-Berries, Adult Candy Corn Cocktail, Peek-a-Boo Tacos, Bloodshot Marshmallow Eyeballs. There is a linkable table of contents making navigation easy. Recommend.

My wife and I are hosting a Halloween party this year and were scouring the net looking for recipes. I stumbled across this book and downloaded it to my Kindle Fire. It gave us some great ideas for themed drinks, snacks, entrees and desserts. My personal favorite recipe that I had to try right away was the Monster Mini Pizzas, I am a pizza fanatic and this was a quick and easy recipe that I surely will make for our party. My wife is going to make the Creamy Dirt Cups dessert this week to try it out, but it sounds like a winner for our party as well.

The recipes are cute but there aren't enough photos to show how they're supposed to turn out. I'm a visual person and need the added help of pictures

This book is going to make my next Halloween Party so much fun!!!! I am always looking for new recipe ideas and this was the perfect solution for our upcoming Halloween bash. Loved the creepy apple crawlers, ghost berries, and the Taco idea was awesome!!!! Thanks for the great ideas!

The recipes are easy and have relatively few steps. Plus, they look great! Perfect for a Halloween party. This was a free book.

This book is really quite navigable. There are 4 sections: snacks, drinks, entrees, and desserts (not including the introduction and conclusion) that each have a clickable table of contents to each recipe in them. The recipes themselves are easy to follow and fun. I would like to have pictures too, but the book is so useful that it is definitely good without.

Fun and creative recipes that the kids will enjoy helping put together. The recipes are easy, and many of the ingredients I already have in my pantry. I can not wait to bring the ghost berries to Halloween parties, I think my kids will have just as much fun helping making them as eating them.
