## Customer Reviews

VegNews.com, 2/23/12; We're already huge fans of Ani Phyo's raw-food cookbooks, so it's only natural that we're stoked for her newest uncooked cookbook. Fat Blast answers your questions and concerns about a raw diet, and, if you're looking to slim down, offers an easy, all-raw plan that will help you lose up to 15 pounds in 15 days. Losing weight while enjoying sushi and dessert? That sure beats the Master Cleanse. •Taste for Life, June 2012; If you've been putting off plans to trim down, Ani Phyo contends that her plan can

help you drop 15 pounds in 15 days. While claims like these generally sound impossible and gimmicky, Chef Ani calls on nature's fast foods; raw ingredients; [that] can boost immunity and reduce unwanted weight. •Tucson Citizen, 6/11/12; The program embraces what Ani calls nature's fast food, namely raw ingredients straight from the refrigerator or shelf that require very little prep time. From Trail Mix cookies that are loaded with nuts, raisins, and sunflower seeds, to a Spicy Bok Choy Soup, the dishes are exciting and innovative. •BlogCritics, 8/23/12; A well-researched book on nutrition and dieting containing very interesting food preparations which are high in nutrients and lower in calories than the standard junk foods. •

Ani Phyo is a renowned raw food chef and show host, health coach, nutritionist, and author of four cookbooks, including Ani's Raw Food Essentials and Ani's Raw Food Kitchen. She lives in Los Angeles. [aniphyo.com](http://aniphyo.com); @aniphyo

I felt great after completing her 14 day detox food plan. Removing processed food and animal products from your diet really works wonders for your body. The recipes were easy to make, and the ingredients, although superfoods, were relatively inexpensive compared to meat/seafood I would normally buy.

I love this book by Ani, just like I love all of her others. I own those too! Recipes are simple and easy to make and delicious. She is the reason for raw food made easy, simple, and delicious to me! I will continue to buy and support her efforts.

Gave this to my mom & she loves it. I started reading it too. Going Raw & Vegan is very healthy and a great way to lose weight and become healthier, without starving yourself or setting unreal/unsustainable goals. And this book is an amazing start/guide. Plus Ani is one of the most amazing people you'll ever meet

Great for kick starting weight loss.

Recipes are so good. We have been making the soups for 2 weeks and I have lost 5 lbs. Now just to keep them off! I do feel so much better. I honestly have not felt better in my life. (The tons of hot yoga helps).

On 4th day of 15 day detox. Most of the recipes are palatable. The book is very informative with health info, shopping lists and a detailed menu guide. Takes no time at all to plan for the next day.

Love all of Ani's publications! Can't wait to try these new recipes

I \*love\* this book. This is the second Ani Phyto book I've bought, and there is a lot she says that I can agree with. Her recipes taste great and offer options. There are a couple recipes with ingredients that are harder to find - but that's expected with any raw food book.
