Oz Clarke Wine A-Z

Synopsis

In Oz Clarke Wine A-Z, Britain's best-loved wine writer brings you more recommendations, more facts, and more opinion than any other comparable guide to wine. Well organized and easy to use, the more than 1,600 entries cover wines, producers, grapes, and wine regions from all over the world. Along with the handy country-by-country index, another index covers over 4,000 of the world's top producers and their wines. Detailed vintage charts, on the inside front and back covers, provide advice on which top wines will be ready for drinking in 2016.

Book Information

Flexibound: 340 pages

Publisher: Pavilion (November 17, 2015)

Language: English

ISBN-10: 1910496553

Customer Reviews

A former leading West End actor, Oz Clarke is one of the world's best-known wine experts. His formidable reputation is based on his extensive wine knowledge and accessible, no-nonsense approach. Known for his phenomenal palate, irreverent style, accurate predictions, and enthusiasm for life in general, Oz is Britain's most popular wine writer.

I purchase Oz Clarke's book every year, along with Hugh Johnson's Pocket Wine Book 2016's book. Each has its strengths. For Clarke he includes detailed well-written descriptions, a lot of vintage information, and provides slightly more coverage than Johnson - especially of individual producers. The vintage information goes much farther back in time and is far more comprehensive than in Johnson's book. Shortcomings are that he doesn't show which vintages are "at peak" and does not have a good section on matching food and wine. Johnson does both these, which is why I get both books. In the past I've given Oz 5 stars. Why now 4? The format of the book is larger - taller

and wider. Yet I don't think there is new information and the print size is about the same. It is just more inconvenient on account of the larger size. I also have no clue why they changed the title and removed the year. But it IS the 2016 update! Still worth buying and highly recommended even though the size is less convenient.

Oz is universally respected as a good judge. Everyone has their own preference - mine is for OZ's annual summary,
