A book that actually tells you how to do things in a practical way. It also discusses the fact that anything you do, you are responsible for, and the prayers and ways of conjure are powerful and not to be taken lightly. Starr really gives a lot of teaching in this book. It is the best I have ever read about real root word and conjure. This will be a classic soon. Excellent ways to bring health, protection, and goodness into your life again.

Starr's material has always been first rate. I have learned a lot from Starr and this book captures the wonderful highlights of a true Conjure woman. Easy to understand, and the material flows well for the reader. Powerful words and recipes! I'll always recommend her work, and this book will be top of the list.
