## Customer Reviews

The author did a great job of compiling these recipes. They are concise and easy to read-usually on one page. She sorted all the recipes into categories which made it really easy to find them, too. Some of the recipes only have microwave instructions, and others only oven instructions. It would have been nice to include some form of conversion table for all three-, microwaves, ovens, and toaster ovens, too. If I had to pick one, my favorite section is the Soups and Stew Recipes.

Freezer Meals: 365 Days of Quick & Easy, Make-Ahead Meals For Busy Families (Freezer Recipes, Freezer Cooking, Dump Dinners, Make Ahead) Like that this book is divided into a few sections, very easy to look up a specific section. Has a chart that will tell you how long you can keep the item in the freezer-quick reference. Also has some handy tips when freezing some foods. Each recipe has list of ingredients and how to put it all together and how to freeze it. No nutritional information and no pictures and no serving sizes.

I am really enjoying this make ahead meal cookbook on my kindle fire. Very easy to follow recipes. Helpful tips. I'm very interested in trying more of the make ahead breakfast recipes. The Egg Muffin sandwiches look very easy to make and to reheat. This will save my family money on take out breakfast meals. I like that it tells you how long to reheat and the best way to do so. This is part of the reason why I don't do more make ahead recipes. Because I'm unsure how long to reheat. There are breakfast, soups and stews, veggies, and meat recipes. Excellent ideas. Can't wait to put this ebook to use. I do miss the photos and nutritional info for the recipes. I received this book complimentary in exchange for my honest review.

I love freezer meal cooking. This has a lot of great recipes to incorporate into my next meal prep day.

"Make Ahead Meals" by Julianna Sweeney features 365 days of quick and easy (make ahead of time) meals. I thought the convenient "freezer food guide" at the start of the book was very informative, as it showed how long you can safely store different types of food in the freezer. I do wish the book included pictures of each completed dish but otherwise a great selection of recipes. The book includes recipes for breakfast items, soups & stews, as well as, vegetable, chicken, beef and pork selections.

The concept is perfect for busy people, the recipes are good, and if you are helping someone while they recuperate, it will definitely be a blessing to you, and to them.

I found a few meals in here that I would make. For almost all of my online purchases I rely on reviews before deciding whether or not I make the purchase. I do not post a review until I have used the product, and will return to update my review if I feel the quality of the product has changed. I often find online review quite valuable and strive to leave quality reviews. If you feel my review

There are a few really good recipes included in the book. I have used quite a few of these and with a few exceptions they are good.
