Customer Reviews

Great book, love Heathers art.

Beautifully detailed adorable pictures!

Love all her books

This is the first coloring book I have purchased by Heather Valentin and it won't be the last. The images are on white paper and are one sided. It works very well with both wax and oil based colored pencils. I tested the paper with alcohol markers and they bleed through which in my experience is normal. Water based markers only left a shadow on the reverse page but I would still use a blotting sheet between pages. The paper held up nicely to watercolor pencils with minimal water. The images are of whimsical characters (mermaids, sprites, and fairies) with some containing more detail than others. There are 29 full page images (some of these are framed but still large

enough to be considered full page), 3 smaller images on the introductory pages and a title page with images to color. I am looking forward to purchasing more of Ms. Valentin's books.
