Customer Reviews

I thought this would be a normal size coloring book but it's pocket size. The pictures are so small it's almost not worth the effort to color them.

Much tinier than expected. And its different giirls in the same costume over and over again. But it is great when I want a quick pic to complete.

Liked it

I could've printed this out and sold it on

Love Sailor Moon and this is going to be FUN to color

my daughter loves it.

The coloring book is small and it's about as thin as a pamphlet. Definitely not worth the money.

Was not impressed. Definetly thought it would be normal sized pages. Very small. Pictures only fill up half the small sheet. All the photos are sailor moon, anime style and from the internet. I could have found these and printed them on normal sized paper. But the pictures are printed pretty clearly.
