The Big Book Of Northwest Perennials: Choosing - Growing - Tending

Synopsis

Returning with showy brilliance year after year, perennials continue to be the center of gardening interest both nationally and regionally. Master gardener Marty Wingate and photographer Jacqueline Koch present a gorgeous and definitive guide to the best perennials for Northwestern climates, filled with specific advice on how to select the best type and quality, as well as recommendations on which perennials work best together (similar light and water needs). Wingate's easy-to-follow instructions on caring for perennials are enhanced by Koch's lovely photos, which fill the book with vibrant color.

Customer Reviews

Praise for Big Ideas for Northwest Small Gardens "Wingate's undertaking is a rare convergence of art and down-to-earth practicality, pairing Jacqueline Koch's exquisite photography with her ordering of the processes involved in making a great garden i

Marty Wingate is gardening columnist for the Seattle Post-Intelligencer. She lives in Seattle.

Jacqueline Koch lives in Coupeville, WA.

While planning a new flower bed in Oregon I needed expertise. With pine and cedar overhead and shade most of the day this little booklet gave me so many different choices and ways to plant my perennials. I love this little book!

Very great book lots of pictures and information on perennials like marigolds.

This book is "chock full" of large color photos inspirational for gardening "phantasies" or simple meditation. The text within is perfectly informative without being too lengthy. This is a wonderful addition to any gardeners library.

I use this book regularly in my business and helps customers tell me what they want or need. I highly recommend this books for beginners too.
