The selfie album made for a great Christmas gift for my brother who is a little too into himself. I

bought it as a joke but I think he really does love having an album of just himself. The best part about this is the captions the album has on each page to describe photos, for example: "On vacation", "My sexy face", "Drinking wine", "So me", etc. I wasn't expecting the album to have those written on each page at all and it really adds to it.

Hilarious book for my little sister you is selfie obsessed.

Bought as a gift for my teenage nephew. I think he will love it. It is a good quality, thickly bound book. I only gave it four stars because some of the captions on the pages were a bit inappropriate, at least for my family. Also I wish there was some clear plastic protecting the silver mirror like material on the front because it was kind of scratched up. But overall, it's very unique and the perfect gift for a selfie addict.

What a fun gift to give the "Selfie" generation that has more pictures of themselves than ever thought possible! I purchased 3 of these for my children for Christmas, filling the book with pictures of themselves and trying to match it up with the descriptive heading was as fun for me as it was for them enjoying it.

This book is hilarious and was the perfect gift for that friend that is always taking selfies. Everyone loved the idea. It has tons of pages that can be filled with printed selfies, all with adorable "ME" captions.

Nicely made. Made a great gift and the recipient enjoyed it immensely.

Bought this for a friend who takes selfies all the time. She loved it! Perfect gift for your selfie friends!
