Civil Procedure [Connected Casebook] (Aspen Casebook)

Synopsis

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes – portability, meaningful feedback, and greater efficiency. Civil Procedure is written by one of the leading voices on Procedure, Stephen Yeazell, who for this Ninth Edition is joined by his colleague Joanna Schwartz. Yeazell and Schwartz employ a pedagogical style that offers flexible organization at a manageable length. The book gives students a working knowledge of the procedural system and introduces the techniques of statutory analysis. The cases selected are factually interesting and do not involve substantive matters beyond the experience of first-year students. The problems following the cases present real-life issues. Finally, the book incorporates a number of dissenting opinions to dispel the notion that most procedural disputes present clear-cut issues. Key Features of the New Edition: Procedures as Strategy Notes: brief notes enabling students to see how lawyers use procedural tools to implement litigation strategy. Assessment Questions: each chapter ends with series of brief questions allowing students to test their comprehension of basic concepts. New Material on Erie, pleading, discovery, arbitration, preclusion, class actions, and joinder. Updated companion Statutory and Case Supplement. Available as an ebook and print book. CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. Highlight, take notes in the margins, and search the full text to quickly find coverage of legal topics. PRACTICE QUESTIONS Quiz yourself before class and prep for your exam in the Study Center. Practice questions from Examples & Explanations, Emanuel Law Outlines, Emanuel Law in a Flash flashcards, and other best-selling study aid series help you study for exams while tracking your strengths and weaknesses to help optimize your study time. OUTLINE TOOL Most professors will tell you that starting your outline early is key to being successful in your law school classes. The Outline Tool automatically populates your notes and highlights from the e-book into an editable format to accelerate your outline creation and increase study time later in the semester.

Customer Reviews

Stephen Yeazell writes about the history and theory of procedure and about the dynamics of modern civil litigation. He teaches courses that correspond to these interests: Civil Procedure, Contemporary Civil Litigation, International Civil Litigation. He has received the campus's highest awards for his teaching (the University's Distinguished Teaching Award) as well as for his research (the UCLA Faculty Research Lectureship); he was also the first recipient of the School of Law's Rutter Award for Excellence in Teaching. He served as Associate Dean of the School of Law from, as chair of the UCLA Academic Senate, and as Interim Dean of the School of Law in 2009-10. Before studying law, Professor Yeazell did graduate work in English literature and taught English and history in junior high schools in New York City, an experience, he reports, that has made him appreciate the relative calm of even the feistiest law school class. After law school, he clerked for Justice Mathew Tobriner of the California Supreme Court. Professor Yeazell's books include *From Medieval Group Litigation to the Modern Class Action* (1987); *Civil Procedure* (8th ed., 2012), and *Contemporary Civil Litigation* (2009). He is a Fellow of the American Academy of Arts & Science.

Its a good text book but from a different era. It needs an online facet. If you dont understand the author's over simplified explanation then your out of luck. If you're old school then its for you. I like books with a supporting (FREE) website that offer a more in depth "spoon fed" follow up to each chapter.

Poorly written.

Wonderfully written textbook. Easy to read, the author is clearly not full of himself and even

manages to inject levity into some of the most dry material you will ever encounter in law. Was able to understand the subject clearly and thoroughly without resorting to supplements. While most students don't get to choose their textbooks, be glad if your professor has chosen this one.

I definitely paid less than a used book at my book store. I wanted the book to be without markings because I wanted to make my own. I paid a little more for a pretty pristine book for 1/3 the price. The description was point on and I am grateful. I wanted to keep this book with my own info in it! I am grateful. Thank you!

i had no choice but to get this book for law school. it is pretty dry but excellent quality and the casebook connect feature is great at helping my back. lugging around 5 heavy books all day gets old.

The online case book is great for not having to carry another heavy book around, and it has a lot of nice highlight and note features.

This book does have highlighting in it, but it isn't excessive. When purchasing a used law book I expected there to be some in it so it perfectly met my expectations.

The book is actually quite entertaining, for a legal case book. Yeazell spices up what can be a dry topic with some quick wit and interesting practice problems. For a Civil Procedure text, it's not half bad.
